### Call for Papers

The 2021 CCToMM Symposium on Mechanisms, Machines, and Mechatronics (2021 CCToMM M<sup>3</sup> Symposium) will be held from Thursday, June 3, 2021, to Friday, June 4, 2021, online hosted by Ontario Tech University. The 2021 CCToMM Annual General Meeting will be held during the Symposium.

### Paper Topics

CCToMM M<sup>3</sup> Symposium sessions will potentially include: mechanisms, robotics, mechatronics, space robotics, medical robotics, mobile robotics, robotic tooling, dynamics of machines, gearing and transmissions, applied vibrations/acoustics, sensors and actuators, machining and metrology, control of mechanical systems. Propositions for workshops or tutorials are also accepted.

### Author Guidelines

Papers should be submitted online through the paper management platform. Full papers should be submitted as single-column unsecured PDF files formatted according to the CCToMM LaTeX class or MS Word template (available at [www.cctomm.ca](http://www.cctomm.ca)). Full papers should not exceed 12 pages. All communications with the corresponding authors of each paper will be conducted by email or through the online submission system. Each corresponding author submitting a full paper will be requested to produce two reviews per paper submitted and at least one author is expected to register and present the paper at the symposium.
